War With Mexico Averted For The Present

Wrangell Will Have Grand Celebration On The 4th of July

President Carranza Will Meet Demands Made By President Wilson

Washington, June 29—War between the United States and Mexico is averted for the present according to the official statement made public this morning. President Carranza of Mexico late yesterday afternoon sent word through the Mexican ambassador at Washington that Mexico would comply with the demands of the United States and that all the American

soldiers taken prisoner in the Carranza battle would be given their liberty today and guaranteed a safe return to the headquarters of General Pershing. It is also stated that a complete report of the Mexican side of the affair is now on its way to Washington and will be paid before President Wilson within a few hours.

President Wilson Sends A Sharp Note To Austria

Washington, June 29—President Wilson this morning dispatched a sharp note to the Austrian government demanding an immediate explanation of the submarine attack made yesterday on the American steamer Petrolite, which was torpedoed and sunk by an Austrian submarine without warning and practically the whole crew lost. The note states that the sinking of

the Petrolite was a deliberate insult to the American flag and an invasion on the rights of American citizen. The note requests a prompt reply from Austria and that they shall punish the submarine commander responsible for the sinking and pay an indemnity to the Standard Oil Company for the vessel lost.

Violin Concert Was Of Unusual Merit

Of unusual merit was the violin concert given by Mrs. Edna Louise White last Sunday evening and the good-sized audience which had gathered to hear her showed a hearty appreciation for the program from beginning to end. Mrs. White's numbers were given with all the sympathetic interpretation and faultless technique of the true artist and she was very ably assisted by Miss Margaret Bronson at the piano. Mrs. Maybelle Louise Burnet's contribution to the program was a reading called "The Hero" which was enthusiastically received. The encore number "In the Spring" was a veritable gem and proved Mrs. Burnet's versatility. Mrs. White was accorded an ovation at the close of the evening's entertainment.

Let Harry Brice do your plumbing and repair work.

Wrestling Match At The Rink Monday Night

At the Rink next Monday evening, July 3, there will be a wrestling match between Otto Yeht, Champion Wrestler of the Hawaiian Islands, and Dave Graham, the well known Wrangell mat artist. Otto Yeht is from the U. S. S. Patterson. Oscar Haschke is the manager for Yeht and E. E. Gingrass is handling the affair for Graham. Both boys are in fine trim and confident of winning. The match will start at 8:30 at the Rink and the admission will be ringside 75c and general admission 50c.

FOR SALE—A good pump can be used on a boat, a sewing machine, a centertable, a wash stand, an extension table, 6 chairs, a side board. For sale cheap if taken at once. See Mrs. Linhart.

Have your plumbing and repair work done by Harry Brice.

Everybody Join In The Big Parade

Wrangell has not had a preparedness parade but we can have a Fourth of July parade if all cooperate. Every child in town is invited to march and all other organization or individuals, who wish to make this opening feature of a big day a success, are extended a cordial invitation to fall in line. Prizes are being offered for floats, best decorated baby carriages, youngest baby in the parade, etc.

All who wish to take part are requested to meet in the Schoolyard at 8:45. The arrangement will take a little time and the parade must leave the School at 9 o'clock. The line of march will be: East on Church Street to St. Philip's Church; down to Front Street; Front Street to Matheson's corner; retrace on Front Street to Red Men's Hall, where the morning program will be given, beginning at 9:30 and Mr. J. E. Worden presiding. Mr. E. M. Traber of Tacoma, who is spending a month in Wrangell will be the speaker of the day, giving a brief address on "Birthdays and Citizenship." Mr. Traber, who is an instructor in one of Washington's big High Schools and in constant touch with citizens of the future, is well qualified to speak on this vital subject of "Citizenship."

An appeal is made to the people of Wrangell to get out early the morning of the Fourth so as not to delay the parade and program, the Street Sports committee desiring to begin the various sports as early as possible.

Fire Crackers Prohibited 4th of July

Notice is hereby given that the elimination of all kinds of fire crackers is ordered on the 4th of July. Owing to the danger from fires. By order of the Fire Committee of the Common Council of Wrangell, Alaska, June 26.

Louie Lemieux returned home last Friday from attending school during the past term in Seattle.

Grand Time Is Planned For 4th of July Coming Next Tuesday

The big celebration will begin with a Grand parade which will start from the Public School grounds at 9 A. M. Music will be furnished by the Wrangell Concert Band which will lead the march, followed by the children, I. O. R. M. in uniform, floats of various kinds, Firemen's Hose

Companies and others. The march will be as described in another column of the Sentinel and will lead to the Red Men's Hall where a program will be given, beginning at 9:30. Following this the Street Sports will begin, and the committees promise one big time from beginning to end.

After listening to the remarks of our critics a while, we are forced to admit that we don't know anything, and taking them as a standard we are dyrrned glad we don't.

In an address the other day President Wilson said that "Mankind was going to know that when America said anything she meant it." Now wouldn't that jar your mother's preserves?

Your Paper Is Watched

This is what Herman Rosenfield, advertising manager of Sears, Roebuck & Co., recently told the members of the American Ad Club at a convention: "We have a bureau whose duty it is to read each week the country newspapers from all over the country. There is not a paper published in our territory we do not get. The bureau looks over these papers and when we find a town where the merchants do not advertise in the local paper we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants use their local papers."

A Nonpartisan Appeal to the Nation

The White House
Washington, April 21, 1916

To the Business Men of America:

BESPEAK your cordial co-operation in the patriotic service undertaken by the engineers and chemists of this country under the direction of the Industrial Preparedness Committee of the Naval Consulting Board of the United States.

The confidential industrial inventory you are asked to supply is intended for the exclusive benefit of the War and Navy Departments and will be used in organizing the industrial resources for the public service in national defense.

At my request the American Society of Civil Engineers, the American Institute of Mining Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers and the American Chemical Society are gratuitously assisting the Naval Consulting Board in the work of collecting this data, and I confidently ask your earnest support in the interest of the people and government of the United States. Faithfully yours,

Big Season For Tourist Travel Says Steamship Man

Mr. H. Brandt, General Agent Passenger Department, Pacific Coast Steamship Co. was a business visitor in Wrangell for a few days this week. Mr. Brandt in speaking of the tourist travel to Alaska made the statement that this year is far exceeding any previous one and that the steamers Spokane and City of Seattle of the company are sold out up to the middle of August.

The Wrangell Restaurant is now open open under the management of W. V. Barrons who has given the place a thorough cleaning and otherwise improved the appearance of the restaurant.

WHY PAY RENT?—When you can own your own home. We have two lots, a three room house, all furnished, water in kitchen, electric lights, for sale cheap. Call at Sentinel Office.

Communication

To the Councilmen and others of Wrangell:

Gentlemen, We need a street, and need one badly. At the present time there is no way of getting in or out of to the Tucker hill, except by climbing a long flight of stairs, and Mrs. Lindart has no show to get to one of her little houses without crossing other peoples property and they object, she could rent her little house or she could live up there and rent the one she lives in, but she cannot pack her work up those steps. Now the side walk you are building can go straight through about 600 feet to the town line and we could have a much needed walk. If the money is scarce we can get up a Ice Cream Social or something on that order to help raise funds. Mrs. Linhart will donate 5 gal. of shurbet and Mrs. Taylor will donate some ice cream. Kindly ask the rest of the ladies to help and see if we can't have this street.

Signed,
A Property Holder.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Gasoline Drum Explodes, Boys Have Narrow Escape

The following clipping is certainly worthy of consideration owing to the fact that the Fourth of July is coming and might happen to any child in Wrangell playing about the gasoline drums on the dock.

Sacramento, Monday, May 29—Raymond Stalze, three years old, was probably fatally burned, and Ralph Stalze, Geo. Simmons and Raymond Scott, each five years old, were painfully injured last night when gas in a gasoline drum nearly empty was ignited by cap pistols fired by the boys. The head of the drum was blown a hundred yards up the street and houses for three blocks were badly shaken.

Glory of the Seas Is Now At Scow Bay

The floating fish freezing ship Glory of the Seas, owned by the Glacier Fisheries company, of Tacoma, Wash., has been towed to Scow Bay, in Wrangell Narrows, and arrived there May 21. The vessel will be stationed here during the fishing season, and will handle halibut, salmon and trout.

This vessel was formerly a sailing ship. In 1911 and 1912 she was operated as a floating cannery. In 1913 she was purchased by the Glacier Fish company and turned into a floating freezing plant and stationed at Idaho Inlet, in Southeast Alaska. The vessel was tied up in 1914, but was operated again at Idaho Inlet in 1915.

Nahlin Fails To Make Canyon On Account High Water

The river steamer Nahlin returned from her first trip up the river having succeeded in getting only as far as the Grand Canyon on account of the exceptionally high water. After waiting for two days and the water not falling any the freight was unloaded and the steamer returned to Wrangell. The Nahlin is loaded again and will leave tomorrow morning for another attempt. The Nahlin demonstrated the fact that she will be able to make the river and as soon as the water drops will be able to make her regular trips.
